Dear President Breed and San Francisco Residents:

We are proud to present to the Board of Supervisors the first draft of San Francisco’s updated and comprehensive cannabis laws and regulations. While we have had medical cannabis in the City for some time, the passage of Proposition 64 obligates us to modernize and expand our regulatory infrastructure. With significant input from community members and stakeholders, we are confident that San Francisco will lead the way in creating a regulatory structure that is safe, sensible, and equitable.

The creation of this structure is an important and monumental undertaking for the City. This process will include challenges, but we are committed to developing sound policy that represents all of our communities. These ordinances are simply the beginning of an important City conversation.

In the weeks and months ahead, we look forward to working with the Board of Supervisors to improve these ordinances with broad feedback. We expect to revise the legislation to reflect public input. With your help, we will make San Francisco’s cannabis laws strong and representative of our City’s values.

We are guided by three key principles. San Francisco’s cannabis laws should be:

1. **Safe**: Safe access and safe communities are our overriding objective. Whether for medicinal purposes or for personal use, we want to ensure the availability of safe products and to limit exposure to youth. Cannabis businesses should reflect neighborhood preferences and character, and promote public safety.
2. **Sensible**: We strive for straightforward rules that are clear and make sense for businesses, communities, and consumers.
3. **Equitable**: The decades-long war on drugs wreaked havoc on many communities of color, and we have a moral imperative to develop and employ equity principles that reinvest in our communities and provide economic opportunities to those who need them most.

Starting today, we ask for your collective participation. Please provide us formal comments at officeofcannabis.sfgov.org. Come to City Hall and provide public comment, engage in public meetings or host a forum with your neighborhood association. Help us start a civic conversation; the result will be better legislation that is reflective of our values as a City.

Thank you, and we look forward to hearing from you.

LEGISLATIVE DIGEST

Various Codes - Regulation of Cannabis Businesses

Ordinance amending the Administrative, Business and Tax Regulations, Health, and Police Codes to comprehensively regulate commercial activities relating to the cultivation, manufacture, distribution, testing, sale, and delivery of medicinal and adult use cannabis by, among other things: 1) requiring businesses that engage in commercial cannabis activities to obtain a permit from the Office of Cannabis; 2) requiring the Director of the Office of Cannabis to establish an Equity Program to promote equitable ownership and employment opportunities in the cannabis industry; 3) defining eligibility for temporary and permanent cannabis business permits; 4) establishing priorities for the review of cannabis business permit applications; 5) establishing operating standards for cannabis businesses; 6) establishing criteria for granting, denying, suspending, and revoking cannabis business permits; 7) incorporating state law governing commercial cannabis activities into local law for enforcement purposes; 8) authorizing the imposition of fines and penalties for violation of local and state laws governing cannabis businesses, and establishing procedures by which cannabis businesses may appeal a fine or permit penalty; 9) prohibiting the smoking and vaping of cannabis on the premises of all cannabis businesses, except select Medicinal Cannabis Retailers, as authorized by the Department of Public Health; 10) prohibiting the consumption of cannabis and cannabis products, other than by smoking or vaping, on the premises of all cannabis businesses, except Storefront Cannabis Retailers and Cannabis Microbusinesses that obtain consumption permits from the Department of Public Health; 11) prohibiting until January 1, 2019, tours of cannabis cultivators, manufacturers, and cannabis microbusinesses, and authorizing the Director of Cannabis to extend the prohibition on tours, or establish guidelines for the operation of tours; 12) establishing a sunset date of March 31, 2018, for Article 33 of the Health Code (“Medical Cannabis Act”); and 13) eliminating the duty of the Clerk of the Board of Supervisors to send letters annually to state and federal officials requesting that cannabis be regulated and taxed; and affirming the Planning Department’s determination under the California Environmental Quality Act.

Existing Law

On October 9, 2015, Governor Brown signed into law the Medical Marijuana Regulation and Safety Act (“MMRSA”), effective January 1, 2016, which established a comprehensive state licensing and regulatory framework for the cultivation, manufacturing, testing, distribution, transportation, dispensing, and delivery of medicinal cannabis, and which recognized the authority of local jurisdictions to prohibit or impose additional restrictions on commercial activities relating to medicinal cannabis. MMRSA was later renamed the Medical Cannabis Regulation and Safety Act (“MCRSA”).
On November 8, 2016, the voters of California approved Proposition 64, the Control, Regulate, and Tax Adult Use of Marijuana Act (AUMA), which decriminalized the nonmedicinal use of cannabis by adults 21 years of age and older, created a state regulatory, licensing, and taxation system for non-medicinal cannabis businesses, and reduced penalties for marijuana-related crimes.

On June 27, 2017, Governor Brown signed into law the Medicinal and Adult-Use Cannabis Regulations and Safety Act (MAUCRSA), which reconciled MCRSA and Proposition 64, and established a unified state regulatory scheme for commercial activities relating to both medicinal and adult use cannabis. Under MAUCRSA, businesses that engage in commercial cannabis activities will be required to obtain a state cannabis license and comply with strict operating conditions. MAUCRSA requires that state agencies begin issuing state cannabis business licenses by January 1, 2018.

Under MAUCRSA, local jurisdictions may adopt and enforce ordinances to further regulate cannabis businesses, including but not limited to zoning and permitting requirements.

Article 33 of the San Francisco Health Code, adopted in 2005, regulates medical cannabis, and authorizes the San Francisco Department of Public Health to oversee the permitting of medical cannabis dispensaries. Medical cannabis dispensaries are cooperatives or collectives of ten or more qualified patients or caregivers that facilitate the lawful cultivation and distribution of cannabis for medical purposes. Medical cannabis dispensaries may not sell cannabis to individuals who are not members of the collective, and may not sell or cultivate non-medical cannabis.

Currently, there is no City law that authorizes and regulates commercial activities relating to non-medical cannabis. There is also no City law that authorizes and regulates the commercial manufacture, testing, or distribution of cannabis.

Article XXVI of the Administrative Code establishes an Office of Cannabis under the direction of the City Administrator, and authorizes the Director of the Office of Cannabis to issue permits to cannabis-related businesses, and to collect permit application and annual license fees following the enactment of a subsequent ordinance establishing the amounts of those fees.

Amendments to Current Law

The proposed ordinance would authorize and comprehensively regulate commercial activities relating to the cultivation, manufacture, distribution, testing, sale, and delivery of medicinal and adult use cannabis. The new regulatory scheme would replace Article 33 of the Health Code, which would sunset on March 31, 2018.

The ordinance requires the Director of the Office of Cannabis (“Director”), in consultation with the Human Rights Commission, to develop an Equity Program designed to foster equitable
access to participation in the cannabis industry, including equitable access to promotional and ownership opportunities in the industry. The Equity Program will offer priority permit processing and technical assistance to applicants who meet Equity Criteria (“Equity Applicants”) adopted by the Director.

Under the proposed ordinance, the Office of Cannabis would make available the following cannabis business permits:

- Cannabis Cultivation Facility;
- Cannabis Manufacturing Facility;
- Cannabis Testing Facility;
- Cannabis Distributor;
- Cannabis Microbusiness;
- Medicinal Cannabis Retailer;
- Cannabis Retailer; and
- Delivery-Only Cannabis Retailer.

Businesses that are awarded a local cannabis business permit would be required to apply for and receive a state cannabis license in order to operate. With the exception of Medicinal Cannabis Retailers, all other business permit categories would authorize permittees to engage in commercial activities relating to both medicinal and adult use cannabis, provided that the permittee applies for and receives state licenses authorizing those activities.

The proposed ordinance establishes a process by which businesses will transition into the new regulatory scheme. First, businesses interested in applying for a cannabis business permit will be given an opportunity to register with the Office of Cannabis, so that the Office may determine: how many businesses are interested in operating within the City; whether any existing businesses pose immediate threats to health or safety; and how the City may work with businesses to eliminate those threats.

Second, businesses that complete the registration process will have the opportunity to apply for a temporary medicinal cannabis business permit. Temporary permits will be awarded to applicants that demonstrate to the Office of Cannabis that they have held or sought a Medical Cannabis Permit and/or have been engaged in commercial cannabis activities, have undergone inspections, meet applicable health and safety standards, and have provided all information required by the Director. Temporary permits will authorize businesses to engage in commercial activities relating to medicinal cannabis only; temporary permits will not allow the permit holders to engage in activities relating to adult use cannabis.

Third, the City will allow businesses to apply for permanent cannabis business permits, which will authorize activities relating to both medicinal and adult use cannabis. The Office of Cannabis will not make permanent cannabis business permit available until the Equity
Program is established. In 2018, the only businesses that will be eligible to receive permanent cannabis business permits will be:

- Equity applicants;
- Businesses that were operating in compliance with the Compassionate Use Act of 1996 that were forced to discontinue operations as a result of federal prosecution or threat of prosecution; and
- Temporary Medicinal Cannabis Business permit holders.

The proposed ordinance specifies the information that applicants will need to provide to the Office of Cannabis when applying for each type of license, and the eligibility criteria for each permit category. It also specifies the operating standards applicable to each type of cannabis business.

Among the operating standards are the following:

- Cannabis businesses may not permit entry onto their premises to persons who are underage, and must confirm that a Customer is not underage before selling cannabis or cannabis products.
- The smoking and vaping of cannabis will be prohibited on the premises of all cannabis businesses, except Medicinal Cannabis Retailers that: 1) previously held a permit to operate as a Medical Cannabis Dispensary; 2) had received authorization from the Planning Department to allow smoking on-site; and 3) demonstrate compliance with ventilation standards to be adopted by the Department of Public Health.
- The consumption of cannabis and cannabis products, other than by smoking or vaping, will be prohibited on the premises of all cannabis businesses except those Storefront Cannabis Retailers and Cannabis Microbusinesses that receive a cannabis consumption permit from the Department of Public Health.
- In 2018, tours of cannabis businesses other than Storefront Cannabis Retailers will be prohibited. By January 1, 2019, the Director will determine whether to extend the prohibition on tours, or allow tours of Cannabis Manufacturing Facilities, Cannabis Cultivation Facilities, and Cannabis Microbusinesses, subject to limitations he or she may adopt by regulation.
- Permitted Cannabis Retailers will require express authorization from the Director to deliver cannabis and cannabis products to customers. Where deliveries are authorized, they must be made by employees of the permitted business using a commercial vehicle, and subject to strict reporting requirements.
- Cannabis Manufacturers will be prohibited from manufacturing non-cannabis products.

The requirements and prohibitions imposed on cannabis businesses under state law are incorporated into the proposed ordinance. Therefore, a violation of the state law or its regulations shall be a violation of local law, subject to specified penalties.
Permitted cannabis businesses that are found to have violated the proposed ordinance, or other laws applicable to cannabis businesses, shall be subject to administrative penalties, civil penalties, permit suspensions, and permit revocations. Appeals of administrative penalties, permit suspensions and permit revocations may be made to a hearing officer. Appeals of all permitting decisions also may be made to the Board of Appeals.

The ordinance would authorize the Director to adopt rules, regulations, or guidelines for the implementation of the ordinance.

the operation of tours; 12) establishing a sunset date of March 31, 2018, for Article 33 of the Health Code (“Medical Cannabis Act”); and 13) eliminating the duty of the Clerk of the Board of Supervisors to send letters annually to state and federal officials requesting that cannabis be regulated and taxed; and affirming the Planning Department’s determination under the California Environmental Quality Act.

Section 2. The Police Code is hereby amended by adding Article 16, Sections 1600 to 1638, to read as follows:

**ARTICLE 16: REGULATION OF CANNABIS**

**SEC. 1600. FINDINGS AND PURPOSE.**

(a) In 1996, the voters of California approved Proposition 215, The Compassionate Use Act, allowing persons in need of marijuana for specified medical purposes to obtain and use marijuana.
(b) In 2001, the City adopted Resolution No. 955-01, declaring San Francisco to be a “sanctuary for medical cannabis.” In 2005, the City enacted Ordinance No. 275-05, Health Code Article 33, known as the Medical Cannabis Act, which implemented a local regulatory scheme for Medical Cannabis Dispensaries operating in San Francisco.

(c) In 2006, the City enacted Ordinance No. 297-06, Administrative Code Chapter 96B, making marijuana offenses by adults the lowest law enforcement priority in San Francisco.

(d) On August 29, 2013, in response to the number of states seeking to legalize cannabis, the United States Department of Justice issued a memorandum known as the Cole Memo, outlining federal marijuana enforcement priorities and specifying that the federal government would continue to rely on states and local law enforcement agencies to address marijuana activity through enforcement of their own narcotics laws.

(e) The federal law enforcement priorities articulated in the Cole Memo align with many of San Francisco’s priorities including: preventing the distribution of cannabis to minors; preventing cannabis sales revenue from going to criminal enterprises, gangs, and cartels; preventing the diversion of cannabis from states where it is legal to other states; preventing state-authorized cannabis activity from being used as a cover or pretext for the trafficking of other illicit drugs or activity; preventing violence and use of firearms in the cultivation and distribution of cannabis; preventing drugged driving and the exacerbation of other adverse public health consequences associated with cannabis use; preventing the cultivation of cannabis on public lands and the attendant public safety and environmental dangers posed by cannabis production on public lands; and preventing cannabis possession or use on federal property.

(f) On October 9, 2015, Governor Brown signed into law the Medical Marijuana Regulation and Safety Act ("MMRSA"), effective January 1, 2016, which established a comprehensive state licensing and regulatory framework for the cultivation, manufacturing, testing, distribution, transportation, dispensing, and delivery of medicinal cannabis, and which recognized the authority of
local jurisdictions to prohibit or impose additional restrictions on commercial activities relating to medicinal cannabis. On June 27, 2016, Governor Brown signed into law Senate Bill number 837, which amended MMRSA and renamed it the Medical Cannabis Regulation and Safety Act ("MCRSA").

(g) On November 8, 2016, the voters of California approved Proposition 64, the Control, Regulate, and Tax Adult Use of Marijuana Act (AUMA), which legalized the nonmedicinal use of cannabis for adults 21 years of age and older, created a state regulatory, licensing, and taxation system for non-medicinal cannabis businesses, and reduced penalties for cannabis-related crimes. San Francisco voters approved Proposition 64 at a rate of 74.3%, compared to 57.1% in the state overall.

(h) On November 9, 2016, Mayor Lee issued Executive Directive 16-05, entitled “Implementing Prop 64: Adult Use of Marijuana Act,” directing the Directors of Planning and Public Health, in collaboration with the San Francisco Cannabis State Legalization Task Force and other stakeholders, to lead the process of drafting the legislation required to fully and responsibly implement Proposition 64, including ordinances that address land use, local licensing, safety, and youth access.

(i) On June 27, 2017, Governor Brown signed into law the Medicinal and Adult-Use Cannabis Regulations and Safety Act (MAUCRSA), effective immediately, reconciling MCRSA and Proposition 64, unifying the adult-use and medicinal cannabis markets within the same regulatory regime, and making explicit the protection of the public to be the highest priority for all state licensing authorities in exercising their licensing, regulatory, and disciplinary functions under MAUCRSA. Under MAUCRSA, local jurisdictions may adopt and enforce ordinances to further regulate cannabis businesses, including zoning and permitting requirements and prohibitions on certain types of businesses.

(j) In 2015, the City enacted Ordinance No. 115-15, creating the San Francisco Cannabis State Legalization Task Force ("the Task Force") to advise the Board of Supervisors, the Mayor, and other City departments on matters relating to the potential legalization of adult use cannabis. In December 2016, the Task Force submitted its Year I Report, and made recommendations related to Public Safety
and Social Environment, Land Use and Social Justice, and Regulation and City Agency Framework for the City’s policymakers to consider.

(k) The Board of Supervisors intends to establish a comprehensive regulatory framework for medicinal cannabis and adult use cannabis. In furtherance of this goal, the Mayor’s FY2017-2018 budget, approved by the Board through its enactment of Ordinance No. 156-17, included the establishment of an Office of Cannabis to coordinate with City departments and state agencies to develop policies and regulate the local cannabis industry to ensure that local public health, safety, and social justice goals are met. In addition, in July 2017, the City enacted Ordinance No. 168-17, Administrative Code Chapter 2A, Article XXVI, to establish an Office of Cannabis; to authorize the Director of the Office of Cannabis to issue permits to cannabis-related businesses; and to require the Director to collect permit application and annual license fees following the enactment of a subsequent ordinance establishing the amounts of those fees.

(l) The Board of Supervisors is committed to ensuring that the perspectives of communities that have been historically and disproportionately affected by federal drug enforcement policies are included and considered in all cannabis policy decisions.

(m) The Board of Supervisors is committed to fostering equitable access to participation in the cannabis industry for San Francisco-based small businesses and individual operators by promoting ownership and stable employment opportunities in the industry.

(n) Through this Article 16, the Board of Supervisors intends to develop a regulatory framework that: reduces the illegal market for cannabis; minimizes the chances of social harm by protecting and promoting the health of all San Franciscans; limits youth access and exposure to cannabis and cannabis products; ensures safe consumption; maintains the City’s progressive clean air policies for residents, businesses, and their employees; creates equitable access to opportunities within the cannabis industry; and creates jobs and tax revenue for the City.

In subsequent civil proceedings, such violations shall be presumed not to have been corrected. Where no hearing is timely requested, an order suspending, revoking, or imposing additional conditions on a permit is final.

(d) Upon a timely request for a hearing that includes the information required by subsection (b)(4) of this Section 1631, the Director shall, within 15 days of the request, notify the requestor of the date, time, and place of the hearing. The Director shall make available to the requestor the photographs and other recorded evidence obtained in support of the Notice of Violation as well as a copy of the report prepared by the Director’s designee, if any, to support the Notice of Violation. Such hearing shall be held no later than 60 days after the Director receives the request, unless time is extended by mutual agreement of the affected parties.

(e) The Director shall conduct the hearing, or may designate a hearing officer who shall have the same authority as the Director to hear and decide the case and to make any orders consistent with this Article 16. The Cannabis Business, owner of real property, or other Person(s) deemed responsible for causing the violation(s) may present evidence for consideration, subject to any rules adopted by the Director or hearing officer for the orderly conduct of the hearing. Within 30 days of the conclusion of the hearing, the Director shall serve a written order on the Cannabis Business, owner of real property, or any other Persons deemed responsible for causing the violation(s), stating whether the Notice of Violation has been upheld (in whole or in part), and the enforcement action against each party.

(f) If the Director orders the Cannabis Business or other person to pay an administrative penalty and/or enforcement costs, such amount shall be paid within ten days from the mailing of the order; the order shall inform the recipient of such deadline for payment.

(g) An order after hearing to suspend or revoke a permit, or to impose additional permit conditions, may be appealed to the Board of Appeals in the manner prescribed in Article 1 of the San

**SEC. 1632. ADMINISTRATIVE PENALTIES AND ENFORCEMENT COSTS.**

(a) **Penalty Amounts.** Any Person who violates this Article 16 shall be subject to an administrative penalty imposed by order of the Director, not to exceed $1,000 for each violation, for each day such violation occurs. However, in the case of a continuing violation, the Director shall not impose a daily administrative penalty for the second and subsequent days of such violation where the Director finds all of the following: (1) In the 12 months preceding issuance of the Notice of Violation, the Cannabis Business was not issued a Notice of Violation which was later upheld in whole or in part for a similar violation; (2) In the 12 months preceding issuance of the Notice of Violation, the Cannabis Business was issued no more than 2 Notices of Violation (which were later upheld in whole or in part) for violation of any provision of this Article; (3) The violation occurred notwithstanding that the Cannabis Business was acting in good faith; and (4) The Cannabis Business promptly took reasonable steps to prevent future violations similar to the alleged violation(s), and arranged for the Director to re-inspect the Cannabis Business to confirm such reasonable steps.

(c) **Setting Enforcement Costs.** In any action where a violation is found, the Director shall assess the Office’s costs of enforcement against the Cannabis Business or any other Persons the Director finds responsible for causing the violation.
(d) **Payment and Collection of Administrative Penalty and Enforcement Costs.** Any administrative penalty and/or enforcement costs assessed under this Article 16 is a debt to the City and County of San Francisco and shall be paid to the Treasurer of the City and County of San Francisco. Any amount paid late shall be subject to an additional late fine of 10% on the unpaid amount. The sum of the unpaid amount and the 10% late fine shall accrue interest at the rate of 1% per month (or fraction thereof) until fully paid; any partial payments made shall first be applied to accrued interest. The City may file a civil action or pursue any other legal remedy to collect such unpaid amount, fine, and interest. In any civil action for collection, the City shall be entitled to obtain a judgment for the unpaid amounts, fine, and interest, and for the costs and attorneys’ fees incurred by the City in bringing such civil action.

(e) **Lien for Administrative Penalty.** Where an activity or condition on San Francisco real property has caused, contributed to, or been a substantial factor in causing the violation, the Director may initiate proceedings to make any unpaid administrative penalty, enforcement costs, fine, and interest, and all additional authorized costs and attorneys’ fees, a lien on the property. Such liens shall be imposed in accordance with Administrative Code Sections 10.230—10.237, or any successor provisions. Before initiating lien proceedings, the Director shall send a request for payment under Administrative Code Section 10.230A.

**SEC. 1633. PERMIT SUSPENSIONS AND REVOCATIONS.**

(c) Notwithstanding subsection (b) of this section 1633, the Director may suspend summarily any Cannabis Business permit issued under this Article 16 when, in the opinion of the Director, the public health or safety requires such summary suspension. The Director shall provide written notice of such summary suspension to the permit holder by hand delivery or registered mail. No more than 3 days after written notice of such summary suspension is given, the Director shall issue a Notice of Violation identifying the alleged acts or failures to act that constitute the basis for the summary suspension, and provide the Cannabis Business an opportunity to be heard and respond as provided in Section 1631 as to why the summary suspension should end. However, the time for hearing and
decision shall be accelerated as follows: Upon a timely request for a hearing that includes the information required by subsection (b)(4) of Section 1631, the Director shall set any requested hearing within seven days, unless time is extended by mutual agreement of the affected parties; and the Director shall issue a decision on the summary suspension within seven days after hearing.
